

Dear Campers,

In an uncertain health environment, we are committed to helping you feel confident about your next vacation with your loved ones through our 2022 Commitment and optional cancellation insurance.

OUR 2022 COMMITMENT

In this sense, if we are administratively obliged not to welcome people, we commit ourselves to find the most appropriate solution: issuing a credit note, moving the stay, refunding the stay...

OPTIONAL CANCELLATION INSURANCE

Moreover, you can also book your stay at the Camarguais campsite with our optional cancellation insurance:

Covered event: Any unforeseeable event beyond your control preventing you from leaving (for example: a participant has covid19)

Reimbursement: Reimbursement of cancellation fees with a deduction of 30 € for medical reasons, 20% with a minimum of 50 € for all other reasons

Conditions: Proofs to be provided, refund by credit card, cancellation possible up to and including the day of departure

We would also like to remind you of the importance for us to follow the recommendations and prevention measures of the Ministry of Health and the government. We will have time to enjoy the vacations together again and when the time comes, we will do it like never before!

We hope to see you soon at the Camarguais campsite!
